Dear Madam/Sir:

Responsive to the Office Action mailed Mar 26, 2007, the applicant respectfully submits the Renewed Petition to withdraw holding of abandonment.

The applicant did not receive the Office action (i.e. allowance letter) for the application, and attests to the fact that many thorough searches of all file jackets indicate that the Office action was not received.

The applicant uses a simple but clear tracking system for all patent Office actions. The system has a **Jacket A** (please refer to the photo below) to hold all new Office actions and a **Jacket B** to hold the Office action that needs to be mailed within a week. The applicant checks **Jacket A** every Saturday to move the Office action due in 2 to 3 weeks to **Jacket B**. For the Office action in **Jacket A** that can allow extensions of time, a 3M stick note may be placed on it. The applicant has used this tracking system for a decade for 14 US Patents, including US 7,032,503; 6,840,158; 6,742,763; 6,405,637 and 5,638,740, successfully.

Jacket A: all Office actions received

Thank you very much for your time and re-consideration.

Sincerely yours,

Edward Z. Cai, Ph.D. (applicant)
